

4MP Ultra-Clear Underwater Network PTZ Camera

Product Features

This product features a starlight-level sensor and high-performance lens, designed for optimal imaging in common underwater environments. With 4MP ultra-HD resolution, it delivers vibrant color reproduction and sharp details. The bi-directional PTZ (Pan-Tilt-Zoom) mechanism enables 360° rotation for blind-spot-free observation

Product Specifications		
1. Model:SCT-MCY-041		13. Network Interface: RJ45 (10M/100M)
2. Resolutions:2560*1440 1920*1080		14. Compliance Standards: ONVIF, GB/T28181, CGI
3. Sensor:CMOS		15. Storage (Optional): Micro SD card
4. Mini Illumination Color: 0.005 lux @ F1.6 B/W: 0.0005 lux @ F1.6		16. Supported Browsers:IE9+, Google 41+,Firefox 50+,Safari 10+
5. Pixel: 4MP		17. Voltage:36~48V DC
6. Optical Zoom:4x		18. Max Power:95W
7. Focal Length:2.8mm~12mm		19. Material:316Lstainless steel
8. Aperture Range:F1.6~F3.0		20. Rated Water Depth:Default 100M (customizable)
9. Focus Modes:Auto / Semi-auto / Manual		21. Weight:6.5kg (with external frame 8kg)
10. Rotation Range: H:0~355° V:0°~ +90°		22. Operating Temperature:-30 ~ +60℃
11. Field of View H:90.3° ~29.4° (in air) V:48.5° ~16.6° D:105.7° ~33.6°		23. Optional Features: Self-cleaning mechanism Power line carrier (PLC) module
12. Image Features:Strong light suppression, Backlight compensation, White balance adjustment, Electronic defogging, Electronic stabilization, Noise reduction levels		24. Connector:Micro circular 4-pin male waterproof connector
